Parents of Marysville Middle School Students:

Welcome to a very exciting part of your child's life, not only to the 2018-2019 school year, but also to your continued participation in the Marysville Schools.

Through this parent handbook, we hope many questions are answered regarding the operation of our Middle School programs. We are very proud of our Middle School programs and are especially proud of the tremendous support shown by Marysville parents.

Without your support, we could not offer the programs we have all come to enjoy and appreciate. Your participation in your child's school activities, through the building advisory committees, parent support groups, or your child's teacher, is vital for your child's success.

From time to time parents have concerns or questions about their child's education. Board of Education policy states that all complaints regarding the District should be resolved at the lowest possible administrative level.

Concern	Contact
Classroom instruction or activities	Teacher
Instructional materials, building-level activities or programs	Building Principal
Policies, curriculum, facilities or auxiliary services of the District	Superintendent of Schools
Any unresolved issued	Board of Education

The above chart illustrates whom you should contact for various concerns. If a parental concern is not addressed satisfactorily, all citizens have a right to attend and be heard at all regular Board of Education meetings.

As a parent who is interested in resolving a concern or complaint, please keep the following in mind:

- A concern or complaint regarding your child and his/her classroom activities would best be resolved between yourself and the teacher.
- Concerns regarding specific instructional materials or building-level activities and programs should be directed to the building principal.
- Concerns or complaints regarding policies, curriculum, facilities or auxiliary services provided in the District should be referred to the Superintendent of Schools.

We are very interested in providing the best possible educational experiences and programs for our community. Your willingness as parents to work with us in reaching that goal will provide better education for all.

We are asking that you continue your child's education by reviewing this handbook and talking to your child about its contents. With your help, we can make this year a very successful one for all.

Mission Statement
Marysville Middle School will maintain a safe, positive, interactive environment that provides students with skills and confidence needed for success in high school and the community.

Academics

Retention and Promotion Policy

The intent of this retention and promotion policy is to clarify the circumstances under which students will be promoted from one grade level to another. Our purpose as educators is to prepare each student to successfully complete the present grade level. Unfortunately, not all students for various reasons succeed to the level necessary to be promoted. It is the responsibility of the principal, after reviewing all pertinent information, to place the student in the appropriate grade level.

Criteria for Promotion

In order for students to be promoted to another grade level, they must satisfactorily make progress in the following areas: 1) academic; 2) social; 3) emotional; 4) self-responsibility; and 5) attendance.

Student Retention

Students who do not achieve satisfactory in one grade level, according to the above criteria, may be retained in their present grade.

Students who fail two or more basic classes (English, science, social studies, mathematics), or fail to make the appropriate academic, social, or emotional adjustment to have a good chance at success in the next grade level may be retained.

Parent Involvement

All efforts will be made by teachers and counselors to involve parents in the promotion review procedure. Parents are an important part of the decision to promote or retain a student.

Reports to Parents

Mid -Term Reports

1. At the midpoint of each card marking period progress reports will be available to parents in Skyward informing them if a student is doing poorly in a class.
2. Parents should then contact the student's counselor/teachers for additional help/information.

Report Cards

Report cards are sent home twice a semester (9th week and end of semester). The first report card is an indication of progress for the first nine weeks of the semester. The final mark is the official mark, which goes on the school's transcript and determines whether the student has passed or failed the course.

Honor Roll and National Junior Honor Society

Honor Roll students are classified as those individuals who have achieved a "B" average or above in all subjects for the marking period. Grade point averages will be determined by the chart listed below.

The National Junior Honor Society is composed of students who are selected for their academic success, character, leadership, integrity, and honesty. They are selected by counselors, teachers and administrators, and are inducted each fall. To be eligible for consideration for membership in the Marysville Chapter of the National Junior Honor Society, a student must be an 8th grader, have a "3.5 GPA" average with no D's or E's, and be in attendance at Marysville Middle School for one full year. Eligible students will be asked to fill out a student activity form and will be rated by the faculty on the characteristics necessary for membership, discipline history will also be considered. The faculty council reviews the activity form and other verifiable information. Candidates meeting all criteria will be invited to be inducted into the local chapter.

Determining Grade Point Averages

Grade	Grade Points
A+	4.33
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67

D+	1.33

Assemblies

Each year the Middle School Student Council and staff try to offer a variety of assemblies for the students. Student code of conduct will be enforced at all assemblies. Students are to sit with their class and teacher in the assigned area. At the conclusion of the assembly, the dismissal of students will be by rows, by an administrator.

Students who do not conduct themselves in an orderly manner may be excluded from future assemblies.

Field Trips

Any field trip taken inside or outside the borders of the school system can be arranged with the financial involvement of each student participating. In this case, each student attending the field trip experience will be assessed a dollar figure on the basis of the total cost of the trip divided by the number of students attending. Mr. Hurley, Transportation Director, will determine the cost of the trip based on contracted stipulations. All school rules and expectations remain in effect on all field trips.

Student Fees

A \$5.00 Student Activity fee will be charged at the beginning of each school year to each student. Students are responsible to maintain assigned books in good condition and return the same book issued at the beginning of the school year. Books lost, damaged or stolen must be paid for by the student to whom they were issued. Student fees are also used for certain student activities.

Student Conduct

Attendance Policies and Procedures

Michigan Revised School Code, Section 1561 - Compulsory Student Attendance Excerpt

Every parent, guardian or other person in the state of Michigan, having control and charge of any child between the ages of six and eighteen years shall be required to send such child to the public schools during the entire school year and such attendance shall be continuous and consecutive for the school year fixed by the school district in which such child is enrolled.

School Day

Classes are in session from 8:00 a.m. – 3:00 p.m. Students are required to be in school on time for First Hour at 8:00 a.m.

In order to participate in any after-school activity, students must be in attendance for at least one-half of the school day.

The purpose of a School Attendance Policy is to encourage outstanding attendance among all students and to maintain academic standards for earning grades. The school recognizes the importance parents play in school attendance. Students with perfect attendance will be recognized by a certificate at the end of the year.

Students will not be allowed in the building prior to 7:30 a.m. and 8:45 a.m. on late start days.

Entering Building

All students will enter the building through the front main building doors facing Collard Dr.

Attendance Letters

Marysville Middle School will closely monitor all student attendance records. Because a child's attendance remains the responsibility of the parents/guardians, the school can only provide the information to help support the importance of school attendance and the documentation for the actual days a student attends. If a student's attendance record warrants attention due to excessive absences, a letter of information, a letter to request a conference, or a notice for a referral to the **St. Clair County RESA** Attendance Officer, will be sent to the parents/guardians. Administration reserves the right to determine what constitutes excessive absence. However, if a student acquires 5 absences within a semester, an informational letter will be sent to the parents/guardians. A conference may be requested at this time. A copy of the letter will be distributed to the student's CA60.

Exceptions to the Attendance Policy

1. If there are extenuating circumstances, the length of absences could be extended if proof, in writing, is given to the school within 48 hrs. These circumstances would include:

- a. Medical appointments - verified by a doctor's note.
- b. Illness - verified by a doctor's note.
- c. Death in the family
- d. Court appearance

2. If the absence is due to a school sponsored event.

Excused Absences

Appointments with doctors and dentists should not ordinarily be scheduled during school time. In case this is unavoidable, the student either should bring a note signed by a parent or guardian to the office stating the time it will be necessary to leave school and the reason, or the office should receive a phone call from a parent or guardian. Administration reserves the right to determine if an absence or tardy is excused.

Absence from School – Procedures

Students who will not be in attendance during a school day should have a parent or guardian call the school office at 364-6336 (subject to change) by 8:00 a.m. and leave a detailed message. A note from home will be accepted only if there is no telephone in the home. This note is required on the day the student returns to school.

A student who is absent from school must make up the work missed according to the plan of each individual teacher. Credit will be given for work made up for an excused absence. Homework must be requested by 9:00 a.m. and may be picked up after 3:00 p.m. if a student is out more than 2 days.

Prearranged Absence

Occasionally parents may decide certain experiences or family needs dictate the student's absence for an extended period of time (3 days or more). When this occurs the student should pick up a "Prearranged Absence" form from the office. This form should then be returned to the office when the student has all of the necessary teachers' and parents' signatures. This procedure is to be completed at least two days before the absence. The school reserves the right to withhold permission for the excuse based on the student's prior attendance record. An absence for hunting is excused only if it is prearranged. Teachers and parents must sign this form. All homework will be completed before leaving or immediately upon returning.

Student Make-Up Work Policy

1. We will gather make-up work from teachers and have it ready for a parent to pick up for any student who is absent or going to be absent for **three days or more**.
2. Prearranged absence forms are available in the attendance office for students who know they are going to be absent ahead of time. Prearranged absence make-up work is due, at the teacher's option, either before the student leaves, immediately upon return, or as arranged on return.
3. As a rule of thumb, a student is given a day to make-up work for each day absent. Teachers may give "zeros" to work not made up on time.

Tardy procedure

A tardy to class is defined as not being in your assigned seat when the bell rings.

1. School starts at 8:00 a.m. Any student not in their assigned seat when the bell rings will be considered tardy. Exceptions to this rule will be:
 - a. Doctor/dental/court appointment (with a note from the doctor or court presented to student services).
 - b. Bus problem.
 - c. Inclement weather.
2. When a student reaches his/her third tardy in a class the student will receive a detention. For each tardy after the third tardy, the student will receive an additional detention.
3. A student that comes in later than 15 minutes to a class will be considered absent.
4. When a student is detained by school personnel, the student will be given a pass and the tardy will not count against the student.

Leaving School Grounds

Once students have arrived, they are not allowed to leave school or school property without following office procedures. Permission to leave is first given by the parent or guardian through a call or note to the office. The parent/guardian is then required to sign the student out in the office at the requested time.

Cafeteria and Lunch Periods

Classes will be in session during this time so it is important that students be considerate of others.

Simple rule of courteous behavior include:

1. Observing good dining room standards at the table;
2. Leaving the table and surrounding area clean and orderly;
3. Returning trays to window and putting trash in proper containers; and
4. Eating food in the cafeteria only.
5. Food or drink will not be allowed outside or in the gymnasium during lunch time
6. Any lunch dropped off for a student will be placed on the designated table in the old cafeteria with the student's name attached.

Regulations for Lunch Period

1. Students are not allowed to go to their lockers without permission.
2. Students are to report to their assigned area during lunch; gym, WINS, teacher's classroom with pass, or outside.
3. Students are not to leave school grounds during the lunch hour.
Noon hour supervisors are employed to supervise the halls and the cafeteria during lunch. Their responsibilities include: reporting violations of student behavior code to an administrator, checking students for hallway passes, keeping students out of the hallways during lunch, and assisting teachers and visitors when needed. These noon supervisors are employed by the school district and must be treated with the same respect as other district employees.

Drinks

Students are only allowed water in a closable container/bottle in the hallways and classrooms. Open containers such as McDonalds, Tim Hortons, Starbucks, etc. are not allowed in the hallways and classrooms and are limited to the cafeteria only.

Detention

Detention may be assigned by the staff for unacceptable behavior or disciplinary reasons with a day's notice. Students are expected to report promptly to the Assistant Principal after school for detention. Those students not in attendance will be assigned two nights of detention unless the absence is excused by an administrator. Doctor or dentist appointments will require notes for the appointment. If the student does not serve the 2 assigned detentions, an in-school suspension will be assigned. Otherwise, all students who are in school are expected to be in attendance. Students assigned detention are to bring enough school related work (written work) to keep them busy. There is no talking or food allowed in detention. Detentions will be 45 minutes in duration and students missing detention will not be allowed to participate in any after school activities. Detentions will not be switched for any after school activities.

Progressive Discipline For Abuse Of Detentions

When a student reaches his/her fifth detention (regardless of assigned reason) and all subsequent detentions thereafter during a semester, the student will be assigned an in-school suspension for one day and a referral to the counselor or social worker will be made.

Dress Code

Student Appearance – Board Policy 8240

Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or comprise the reasonable standards of health, safety, and decency.

Student appearance and dress is a factor in the establishment of an educational atmosphere. Clothing and appearance should be appropriate for school. MARYSVILLE PUBLIC SCHOOLS DISTRICT POLICY 8260 PROHIBITING BULLYING

8260 Bullying (Cf. 8018) 8260

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

Bullying shall also include, by definition, cyberbullying which is defined as any electronic communication that is intended to or that a reasonable person is likely to harm one or more pupils either directly or indirectly by doing any of the following:

- (i) substantially interfering with the educational opportunities benefits or programs of one or more pupils;
- (ii) adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm by causing substantial emotional distress;
- (iii) having an actual and substantial detrimental effect on a pupil's physical or mental health;
- (iv) causing substantial disruption in or substantial interference with the orderly operation of the school.

8260 Bullying (Cf. 8018) 8260-2

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents/Guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

8260 Bullying (Cf. 8018) 8260-3

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes he/she has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or Assistant Principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

To the greatest extent possible, complaints by students, their parents or others acting on their behalf will be kept confidential. The following procedures will be followed to maintain confidentiality:

- (i) all verbal communications regarding a complaint will occur in a confidential setting outside of the ability of others to overhear the conversation and only those that are necessary to be involved will be part of any meeting where complaints are discussed or reviewed;
- (ii) meetings held with a pupil who has made a complaint under this policy shall be kept out of view of other students;
- (iii) all records concerning complaints will be kept in the principal's office in his or her desk in a secure location such that the information cannot be accessed by others;

8260 Bullying (Cf. 8018) 8260-4

- (iv) information regarding complaints will be shared with others only on a need to know basis. This means only individuals involved in investigating complaints or taking corrective action will be aware of the information;
- (v) to the extent possible, unless permission is given by the complainant, the identity of the complainant will be kept confidential.

The Principal shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents/guardians, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated.

8260 Bullying (Cf. 8018) 8260-5

Suspected retaliation should be reported in the same manner as bullying/aggressive behavior. Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Accordingly, the following important information is shared with our school community. Please be sure you read this information with your child. Parents and students must sign and return acknowledgement of this educational material starting with the 2013-14 school year. The acknowledgement form will be provided by your school office.

UNDERSTANDING CONCUSSION

Some Common Symptoms

Headache	Balance Problems	Sensitive to Noise	Poor Concentration	Not “Feeling Right”
Pressure in the Head	Double Vision	Sluggishness	Memory Problems	Feeling Irritable
Nausea/Vomiting	Blurry Vision	Haziness	Confusion	Slow Reaction Time
Dizziness	Sensitive to Light	Fogginess	“Feeling Down”	Sleep Problems
		Grogginess		

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a “ding”, “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven’t been knocked out.

You can’t see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

IF YOU SUSPECT A CONCUSSION:

1. **SEEK MEDICAL ATTENTION RIGHT AWAY** – A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don't hide it, report it. Ignoring symptoms and trying to "tough it out" often makes it worse.
2. **KEEP YOUR STUDENT OUT OF PLAY** – Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's okay. A student, who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
3. **TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION** – Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS:

- | | | |
|--|---|--|
| - Appears dazed or stunned | - Can't recall events prior to or after a hit or fall | - Answers questions slowly |
| - Is confused about assignment or position | - Is unsure of game, score, or opponent | - Loses consciousness (even briefly) |
| - Forgets an instruction | | - Shows mood, behavior, or personality changes |
| - Moves clumsily | | |

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- | | | |
|---|----------------------------------|--|
| - One pupil larger than the other | - Repeated vomiting or nausea | - Becomes increasingly confused, restless or agitated |
| - Is drowsy or cannot be awakened | - Slurred speech | - Has unusual behavior |
| - A headache that gets worse | - Convulsions or seizures | - Loses consciousness (even a brief loss of consciousness should be taken seriously) |
| - Weakness, numbness, or decreased coordination | - Cannot recognize people/places | |

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rest breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

Conditions of Approval

Parents have the overall responsibility to ensure that student medication is properly delivered and administered. Parents/Guardians are expected to:

1. Complete, verify accuracy and return to the office the *Request to Administer Medication* form before any medication is brought to school at least annually.
2. Ensure adequate medication is available and current. This includes monitoring expiration dates; obtaining medication renewals and refills; and splitting any pills so the prescribed dosage is available for administration.
3. Inform the office in writing of any change in the student's health affecting the administration of medication, and/or any changes in medication or the administration thereof, including the termination or discontinuance of the medication.
4. Provide the district in writing with all relevant physician and/or administration instructions.
5. Monitor that the student complies with the appropriate administration requirements, including the manner and time for dispensation of the medication.
6. Unless authorization for self-possession/self-administration or other arrangements have been pre-approved by the Principal, deliver student medication to the office and pick up any expired medication or medication at the end of the school year. (The student may personally deliver the medication only if 18 years of age or older; provides advance notification to the office that the student will be bringing medication to school; and delivers the medication to the office immediately upon arrival to school with the medication.)
7. Assist in the development of a self-possession/self-administration plan with the principal as appropriate.

Special Conditions for self-possession/self-administration

1. The student is responsible for the physical possession of the medication. Except during proper administration, the medication must be maintained in a container appropriately prepared and labeled by the prescribing physician, pharmacy, pharmaceutical company from which the medication was procured.
2. The school does not monitor or maintain administration records for the self-possession/self-administration of medication. The parent/guardian/student is expected to follow and monitor appropriate administration requirements.

Parent/Guardian Initials: _____

Student Initials: _____

*Students who are 18 years of age or older or an emancipated minor have the responsibility of the parent/guardian under these *Conditions of Approval*.

Immunizations

In accordance with Michigan law, the Marysville School District requires immunization records for all students. New students, upon enrolling, must verify up-to date immunizations. A student's failure to comply with the State Law will result in the recommendation the student be expelled from attending school, until compliance is met.

Ambulance Service

Fees charged are for services rendered and all patients receiving emergency medical care and transportation are billed for these services. The term "all" refers to any patient either inside or outside the City of Marysville.

Every effort will be made to contact the parents prior to emergency transportation. However, the safety of the child will remain top priority resulting in the use of the city's emergency units in any case where the health and welfare of a child is in peril.

Counseling and Guidance

The school counselor is a person who is specially trained to help students realize their fullest potential as human beings. They can help students in a number of ways. Among things they do are:

1. Measure a student's strengths and limitations.
2. Help students make suitable decisions about their lives.
3. Help students develop attitudes that help them rather than hurt them.
4. Choose courses that are right for them.
5. Help them solve personal problems with family, friends, and teachers.
6. Help them discover their talents and abilities.
7. Help them begin to look at the world.
8. Help them begin to look at the world of work.

Things talked about in the counselor's office can be as confidential as students want them to be, with the exceptions of threats to hurt self or others and abuse.

Students who would like to meet with their counselor may sign up in the counseling center in the main office.

Elevator Use

The elevator is for use by handicapped students, moving equipment and emergency use.

Locks and Lockers

Lockers will be issued. Do not leave money or any other valuables in your locker, in the locker room, or around the building at any time. A fee will be charged to the student for any locks lost or stolen.

Lockers in the school or on school property belong to the school. At no time do they become property of the student. Students should not expect privacy in these areas because the school district retains the right to search them at the discretion of the school administration, and to seize any illegal, unauthorized or contraband materials discovered in the search.

Periodic searches of these areas may be conducted by school officials, with or without the assistance of law enforcement officers, at any time, with or without notice to the students. No consent or search warrant is required for inspection of these areas. For the purposes of this policy "search" includes but is not limited to visual inspection, physical inventory of contents, sniff by contraband detecting dog, or other animals or by electronic devices, photography of all sorts, electromagnetic photography of all sorts, and inspection of electromagnetic sensors of all sorts.

Every reasonable attempt shall be made to afford the student the right to be present during the search. However, when safety concerns are the issue, the school reserves the right to make a search without the student being present or with a police officer if the student is present.

A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action. A student's person and/or personal effects (e.g. purse, book bag, athletic bag) may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. If properly conducted search yields illegal or contraband materials, such finds shall be turned over to proper legal authorities for ultimate disposition.

Anything put on the outside of a locker must be approved by administration.

Lost and Found

Whenever an article is misplaced or lost, report the loss to the office. Any articles found should be turned into the office.

Articles not claimed throughout the school year will be donated to a local charitable organization at various times.

Reward

We will punish and prosecute students we catch damaging our building and if you witness an act of vandalism and your testimony leads to that punishment or prosecution, we will pay you a reward of \$50.00. This is a standing offer that includes school days and non-school days both inside and outside the building.

Right to Review Records

Students and parents or guardians of the student have the right to review and examine official student records held by the school concerning that student. A one day notice may be required for such a request.

Telephones

Marysville Middle School Office telephones are for business only. Students may use the telephones in the office if an emergency arises, and it is school business. They must state why they wish to use the phone to one of the office staff and have his/her permission before placing the call. This is a business office and visiting on the phone cannot be permitted.

TITLE 1

Marysville Schools participate in the Title 1 program. The Title 1 program is funded by federal monies based on our at-risk student population.

The expanded role of the program promotes school-wide reform and works to ensure that all students meet high academic standards. The goals of Title 1 are tied to and support building level school improvement goals. Also, it is a goal of the Title 1 program to work with parents.

To demonstrate our belief that high student performance is a shared responsibility by parents, the entire school staff and students, the members of our school planning team have developed the following School/Parent Compact:

"Our school will provide all students with high quality curriculum and instruction which will provide the maximum opportunity for all students to successfully meet the state's content and performance standards. Furthermore, regular and open communication regarding student progress will be maintained at all times, including regularly scheduled parent-teacher conferences, frequent progress reports and reasonable access to staff.

In turn, parents of participating Title 1 students will agree to be responsible for supporting their child's learning. This support will include, but not be limited to, monitoring attendance, homework completion, and television watching; volunteering to help in the classroom when possible; and participating in decisions regarding their children's education."

Marysville School District FERPA Notice: Your Rights and Your Child's Records

The Family Educational Rights and Privacy Act (FERPA) afford to parents/guardians of students, and to students themselves who are over 18 years of age, certain rights with respect to the student's education records maintained by the Marysville School District. These rights are outlined below:

1. The right to review and inspect the student's education records within 45 days of the day the district receives a written request for access. Parents or eligible students should submit to the school principal a written request that identified the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the district to amend a record they believe is inaccurate or misleading. They should write the Superintendent of Schools clearly identifying the part of the record they want changed and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their rights to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent is to school officials with legitimate educational interests. A school official includes a person employed by the district as an administrator, supervisor, instructor, counselor, or support staff member (including health or medical staff and law enforcement personnel); a person serving on the district's school board; a

person or company with whom the district has contracted to perform a special task such as an attorney, auditor, medical consultant, or therapist, or a parent, student or other person serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her responsibilities for the district. Upon request, the district also discloses education records without consent to officials of a school district in which a student seeks or intends to enroll. If you do not want the school district to disclose directory information without your prior written consent you must notify the district prior to September 1st. The district has designated the following as directory information:

- Student's name
- Participation in officially recognized activities and sports
- Address
- Telephone listing
- Weight and height of members of athletic teams
- Photograph
- Degrees, honors and awards received
- Date and place of birth
- Dates of attendance
- Grade level
- Program of study

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirement of FERPA. The name and address of the office that administers FERPA is the Family Policy Compliance Officer, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20024.
